Steps to a successful drive

1. Pick a location.
   Find a spot that people will walk past frequently.

2. Choose a start and end date.
   A typical drive can last for a week to a month.

3. Spread the word through email, social media, and flyers.
   A flyer and sample social media and electronic communication are included in the tool kit.

4. Set out a collection bin.
   Get creative by decorating a recycled box or even pull out a spare pack n play from the closet. Anything goes for a collection bin.

5. Collect and Count.
   Once your diapers are collected, please count them and let us know your final number. This is very helpful to us for our inventory.
   It's also great information for you to share with your donors and let them know how much they contributed.

6. Deliver the diapers
   The collected items should be delivered to our warehouse at 223 Stirling Road, Warren NJ 07059
   Contact us for our current hours at info@momshelpingmomsfoundation.org

We are here to help! Please send us an email if you have any questions along the way!
